Think You Can Trust The Media

Think Again.

"Devastating critique of the TV News Networks' complacency and complicity in the war on Iraq... A MUST SEE." - CHICAGO READER

Former network news insider, Danny Schechter, exposes the issue of TV media *selling* the Iraq War instead of *telling* the truth. This solidly argued documentary shows how media caters to corporate powers by adopting a patriotic correctness' and a uniformity of perspective that is undermining democracy in America.
